Your very own King Price community policy document

Congratulations

Your community is now under the protection of the king

Since you've already decided to join the King Price royal family, we realise that we don't have to tell you what a wise decision your community has made, but we still like to give credit where it's due!

If you're reading this, then you've probably been tasked with the job of sorting out everyone's insurance and assuring their peace of mind. With this great power comes great responsibility, and you'll probably feel the burden of that responsibility as you review this rather lengthy document. We sympathise, we really do.

We're not going to sugar coat it... It's long. It consists of over 100 pages and while we've made every effort to make it as easy to read and understand as possible, it may be a good idea to grab a snack and something to drink before you dive into the details... You're going to be busy for a while.

This document has been especially designed for you and your community scheme. It explains all the ins and outs of your policy including the cover you enjoy based on the information you've given us, the finer details of your policy, and all of your responsibilities. So please read through it carefully and check all the details on your policy schedule to make sure that you fully understand everything, and that your details and choice of cover are 100% correct.

Remember, incorrect details = incorrect cover.

If anything is unclear, or if you need to update your information, don't hesitate to give us a call on 0860 11 11 07. We're eager to assist.

Royal regards,

King Price

Your policy's ins and outs

Why this document is so important

This document contains all the important information about your cover. We've made sure to leave out as much boring, complicated, confusing insurance lingo as we could, to allow you to get to grips with the basic facts as easily and quickly as possible.

While this document will help you to make a decision, its content is quite general, and it doesn't take your personal objectives or financial situation into consideration. We'll happily discuss these details with you in person, over a cup of coffee. (Our treat.)

Here's what you need to read:

- What makes up your policy.
- Definitions of terms used.
- What's covered by the king.
- What's NOT covered by the king.
- Our claims procedure.
- Our excesses.
- Cancellation rights.
- Your policy schedule.
- And any other documents we may give you.

Cooling-off period

It's always good to have a few days to let the dust settle. That's why we've been nice enough to include a 31-day cooling-off period from the start or renewal date of your policy, pending the completion of our advisory process. This gives you enough time to familiarise yourself with all the details of your policy and to make sure that you're 100% happy and comfortable with its contents. We hope this will give you complete peace of mind when it comes to the cover that you're paying for.

If you decide, for any reason, that this policy doesn't meet your needs, you can simply cancel it, in writing, within this 31-day period. No hard feelings.

From our side, we'll cancel the policy effective from the start date and give you a full refund, provided that you haven't yet registered any claims.

If you decide to cancel this policy after the 31-day period, you'll be entitled to a pro rata refund, less a cancellation charge of the premium already paid. Which of course we'll arrange for you, too.

It's all about you

We've designed this policy to suit the insurance requirements of community schemes.

By 'community schemes' we mean:

- Bodies corporate.
- Homeowners' associations.
- Share block investors' schemes.
- Retirement schemes.
- Property owners.

In a nutshell...

We've developed our cover into a neatly-packaged 1-stop insurance solution, complete with a range of unique benefits that we designed specifically to make your life easier and to ensure that you comply with all the legislation covering sectional title and community schemes living in South Africa.

If anything (at all) isn't 100% correct, please contact your managing agent, broker or intermediary, or us, immediately, to have it updated.

Remember, incorrect details = incorrect cover.

Our promise to you

We agree to provide you with the cover set out in each of the policy sections that you've selected and that are stated on your policy schedule, subject to you having paid the premium.

This cover is active for the period of insurance set out on your policy schedule. We'll cover you for loss, damage and liability that happens during this period, provided that you comply with all the terms and conditions of the policy.

We're not liable for more than the insured value that's stated on your policy schedule for each section, unless otherwise agreed.

Who's insured

The body corporate, property owners, retirement schemes, homeowners' association or share block company shown as 'the insured' on your policy schedule, including the interest therein of members, owners, trustees, holders of rights of occupation and directors, as far as they fall within the ambit of cover provided.

We'll extend the policy to cover other persons, organisations or institutions requiring cover under this policy, if you tell us about them and they're stated on your policy schedule. All persons, organisations or institutions covered under this policy have to comply with the terms and conditions of the policy.

We may refuse to pay a claim or reduce the amount we agree to pay, if you or any person covered by the policy don't/doesn't comply with the terms and conditions of the policy.

An extension providing cover to any person other than yourself won't give any rights to claim to this person, the intention being that you'll claim on behalf of this person if necessary.

Tenants

If a tenant, without your knowledge or consent, does or omits to do anything that invalidates the policy, your cover won't be affected provided that you:

- Tell us about this act or omission as soon as you become aware of it.
- Pay any additional premium relating to the change in risk, if required.

Mortgagees

The interests of the mortgagee have priority over your interests and won't be prejudiced by:

- Any act or neglect by you or your members, owners, holders of rights of occupation and directors.
- Any misrepresentation or non-disclosure by the body corporate or any of the owners of the units at the time when the insurance starts or is renewed during the period of cover.
- The property being abandoned.
- The occupation thereof for purposes more hazardous than permitted by the policy.

Provided that:

- Such act, neglect, misrepresentation, non-disclosure, abandonment or occupation took place without the knowledge and privity of the mortgagee/s.
- The mortgagee/s will notify us of the event or existence of such act, neglect, misrepresentation, non-disclosure, abandonment or occupation, as soon as it has come to their attention.

- The mortgagee/s will on reasonable demand, pay the additional charge for any increased risk thereby caused according to the established scale of rates, for the time the increased risk may be, or will have been, assumed by us during the continuance of the insurance.
- Any compensation payable in terms of this section will be payable directly to the mortgagee/s of the particular unit in this section or the aggregate of the amounts due by the unit owner to the mortgagee under the mortgage bonds, whichever is less.
- Any and all amounts becoming payable by us under this section as a result of damage to the buildings, improvements or landlord's fixtures and fittings will, unless resolved or ordered in terms of Section 36 of the Sectional Titles Management Schemes Act No. 8 of 2011, be wholly applied to the reinstatement of the damage. If it's resolved or ordered in terms of that section of the above-mentioned Act, the damage or destruction shouldn't be reinstated, the proceeds of any claim applicable to a unit will be made in the first place to the mortgagee/s of the particular unit up to the value allocated to the particular unit in this section or the aggregate of the amounts due by the unit owner to the mortgagee/s under their mortgage bonds, whichever is less. With regard to this clause, the specific condition of average will apply to the individual units (excluding the owner's interest in the land) and not to the property as a whole.

When it starts

The commencement date (start date) of your cover is the date on which we agreed that the policy should start. The first premium must also be paid by this date. Your cover period can be monthly, quarterly, bi-annual or annual.

Countries where you're covered

The cover herein applies to occurrences in connection with your insured property anywhere in South Africa.

Make sure you have all the cover that you need

We think it's a good idea to chat to us about the appropriate cover amounts (insured values) and risks (items) you need covered, so that together we can make sure that you have all the cover that you really need. We'd hate for you to be in the situation where you don't have enough cover for the relevant risks, leaving you vulnerable to any uninsured losses and seriously out of pocket.

You also need to let us know as soon as possible if your circumstances change and if these changes are relevant to your policy, because this will definitely have an impact on your cover... Especially when it comes to claiming.

For example, if you buy additional items that should be covered under common area contents cover and you don't tell us about them, your insured value may not be enough to cover the loss, or you might not even have any cover under your policy for these items.

Remember, incorrect details = incorrect cover.

Tell us

To create your unique and specific policy and premium we rely completely on the information that you provide to us, whether you're applying for a new policy, renewing, updating, or even reinstating an existing policy. That's why it's vital that you tell us anything and everything you know, that could possibly affect the cover that we offer you and the premium we charge for it.

This includes the full and correct details about:

- Any claim/s that you've made.
- Any renewal or insurance policy declined, cancelled or refused, or where any excess was imposed.
- Any claim/s refused by an insurer.

You might be wondering where this all ends... Well, there's an easy way to tell if there are things we don't need to know. For example, you don't have to tell us about anything that:

- Minimises the risk we would undertake.
- Is common knowledge.
- We already know or should know in the ordinary course of business.

In a nutshell...

If you don't comply with your duty of disclosure, we may reduce or refuse to pay a claim or, even worse, be forced to cancel your policy with us. The non-disclosure may render the policy as never being in force at all. And that would be terrible if you had a legitimate claim.

Remember, honesty is always the best policy.

Crunching the numbers

So, how do we calculate your premium? Well, first we take a number of factors into account. The information that you provide to us plays a big role in assessing the risk that we accept to cover. The higher the risk, the higher the premium will be.

Some of the unique factors that make a difference are:

- The location of your property.
- The insured values, which you'll choose.
- The materials used in the construction of your property.
- The number of sections or units that make up the risk.
- If your property contains commercial or residential sections, units or both.
- If your property contains commercial sections or units, the occupation thereof and their use.
- Your claims history.
- The security and fire preventative measures that you have in place.

After we've assessed all these factors, the total cost of your policy (your premium) will be stated on your policy schedule, including Sasria, any applicable commissions and fees, and VAT.

Paying your premium

Your policy won't start until you've paid your premium. We'll tell you on your policy schedule how much you have to pay and when you need to pay it by. The due date for payment will be the first day of each calendar month if the period of insurance is monthly, or on the first day of the first month of:

- Each quarter.
- Every 6 months.
- Every 12 months.

If the period of insurance is for 3, 6 or 12 months respectively.

Unless we tell you otherwise, any payment reminder we send you doesn't change the expiry or due date.

Please note: You always pay for insurance in advance.

And if you don't pay

Let's say your debit order is returned by your bank, and your insurance premium due to us isn't paid as a result of that:

- You'll have a grace period of 15 days from the due date to correct the situation and pay us. If this is a monthly policy, the 15-day grace period will apply from the second month that you're insured with us.
- If no premium is collected during this period, the policy will be cancelled from the due date.
- If any incident happens during the 15-day grace period and you want to claim for it, we'll only consider the claim if we receive your premium payment in full and within the grace period.

So, to ensure continuous, peace of mind cover, please make sure that there's enough money in the bank account every month, on the date that you've asked us to debit your premium.

 **Please note: If we don't receive the payment for 2 consecutive deductions in a row, we'll immediately cancel your entire policy and you'll no longer enjoy cover. Remember, no premium = no cover.**

Why your premium could change

Your premium usually changes when your policy is renewed every year, even if your risk hasn't changed. This is because of factors that are sadly beyond our control, and that we have no choice but to take into consideration, including:

- Inflation.
- Rising repair and building material costs.
- The total cost of claims that we've paid.
- The cost of claims that we expect to pay in the future.
- The ongoing expenses that we incur while doing business.

How to apply for cover

If you're interested in securing this insurance cover, just give us a call or drop us an email and we'll happily provide you with all the information and assistance that you need to make an informed and comfortable decision.

There's also the option of contacting your appointed managing agent, or your broker or intermediary, but please remember that they must be qualified to give advice on whether this policy is right for you, otherwise they're only allowed to provide the factual information about the policy.

Need a change

You may make changes to your policy at any time by simply calling or emailing us. If you make changes to your policy, you may need to pay an additional premium, or you may be entitled to a refund.

Any change you make will be effective from the time and date that we agree on. We'll send you an updated policy schedule, and you must please check that the changes were made as you requested.

Remember, incorrect details = incorrect cover.

King Price may also make changes to your policy as and when we deem it necessary to do so. When we do, we'll give you 31 days' notice.

If you want to leave us

Let's hope that you never need to make use of this section, but just in case:

- You may cancel your policy at any time and with immediate effect. If you do, we'll refund the relevant portion of your premium, less any administrative cost, provided that no valid claims have been submitted for that period.
- We may also cancel your policy by giving you 31 days' notice. We would do so verbally, by email or by post to your last known address.
- Your policy will automatically cancel when your monthly premiums are not paid on either the due dates or within the grace period. Your policy and cover will end on the final day of the period for which you last paid your premium.

Dual insurance... Double cover doesn't = double pay out

If a claim is also covered by another insurance policy that you have, we'll only pay you out for our portion. So, if you insure an item for R100,000 elsewhere and the same item is also insured for R100,000 with us, we'll only pay half and the other insurer will be liable for the rest of the amount.

The stuff you need to do...

Yip, you

Look after your stuff

This includes:

- Repairing faults or fixing defects such as roofs, gutters, drains, water pipes and tiled areas when they leak or need to be repaired.
- Taking reasonable care to prevent injury, for example by installing and maintaining pool fencing and gates.
- Taking all reasonable care to prevent theft, loss, damage and legal liability.
- Obeying all legal requirements, manufacturers' requirements and best practices relating to your business, its employees, clients and the goods and services manufactured or supplied by you.

Pay us

Pay your premiums, on time, all the time, by monthly debit order or by quarterly, bi-annual or annual payments, as agreed, and at the start of each insurance period for which insurance cover is active.

Be honest

Always provide us with true and complete information when you apply for cover or make changes to your policy. We use the information provided by you to determine the cover, conditions of cover and the premium due. Incorrect or incomplete information may result in you not having cover and may affect the outcome of your claim. This also applies when anyone else acts on your behalf.

Keep your receipts safe

You need to please:

- Prove ownership and value of any item that you're claiming for.
- Make damaged items that you're claiming for available for inspection in order for us to verify the full extent and nature of the damage.

Our claims procedure

The king and his court are committed to settling all valid claims as quickly as possible. However, it's in the interest of all our policyholders, including you, that we investigate the validity of claims. For this reason, delays in authorising claims may sometimes happen. Sorry, but not everyone is as honest as you, so we just have to check to make sure. You understand... Right?

Tell us

The sooner you notify us, the faster we can help you. Please take note of these important time limits:

- Report your claim or any incident that may lead to a claim to us as soon as possible, but no later than 30 days after any incident. If you don't do so we may reject your claim or reduce the amount that we pay out if this delay causes an increase in costs or prevents us from investigating the claim properly. This includes incidents that you don't want to claim for right away, but which may result in a claim sometime in the future.
- Give us all the documentation and important details relating to your claim as soon as possible, including the police report and case number.
- No claim, other than claims under 'Business interruption', 'Fidelity' and 'Group personal accident', will be payable once 24 months have elapsed after an incident unless the claim is the subject of pending legal action or is in respect of your legal liability to a third party.
- If you dispute the outcome of a claim you have 90 days, in terms of the Policyholder Protection Rules, from the day you're first informed of the outcome to notify us of the objection. Immediately hereafter you have 6 months within which to serve summons on us, if this isn't done within the 6 months, your right to challenge this decision is forfeited.
- After a claim is settled, you need to comply with all reasonable instructions and requests when assistance is required, in the identification and physical recovery of such property as well as in the recovery process against a third party, failing which you'll immediately become liable to repay all amounts paid to you in respect of the claim.

Tell the police

If you've suffered a theft, malicious or intentional damage, hi-jacking, burglary or any crime-related incident, you must report it to the police immediately after becoming aware of the incident.

Do the paperwork

You need to please provide us with:

- All the information and documentation that we ask for, within the timeframe set by us.
- True and complete information, for example, a detailed list of all items lost, stolen or damaged.
- Any other relevant documentation needed to validate your claim.
- Details of any third party involved in the incident, if applicable.

Check and let us know

If there's any other insurance policy which covers the same insured incident.

Keep us updated

You need to tell us immediately if:

- You become aware of any possible prosecution, legal proceedings or claim that could be lodged against you as a result of an incident that you've already claimed for. You must immediately give us any invoices, demand letters, summonses and notices that you receive from other parties involved in the incident.
- Any other relevant or new information regarding an insured incident that you've claimed for, even if this information only comes to light after you've submitted the claim or it's already been finalised.

Wait for us to help you

Never permit any replacement or repair that hasn't been authorised by us, except for emergency or temporary repairs to prevent further loss or damage, which are permitted under this policy. We'll reimburse you for the reasonable costs and expenses that you incur to make such emergency or temporary repairs after loss or damage that gives rise to a valid claim.

*** Please note: You must get our written approval before disposing of any damaged property, or repairing or replacing any insured items. Failure to do so may lead to your claim being rejected.**

You're not covered for:

- Repairs that you didn't have to do.
- Unreasonably excessive repair costs if you had a cheaper alternative at the time. In this case, we'll only pay the amount that you should've spent.

*** Please note: The most we'll ever pay for any emergency or temporary repairs is R5,000 per incident.**

Help us to help you

You must:

- Make sure that everyone is safe and take reasonable steps to prevent further loss, damage and liability, for example by covering a hole in the roof to prevent further water damage from rain.
- Assist us, where possible, in any recovery action against any third party responsible for loss or damage. We'll reimburse you for any reasonable extra expenses that you incur for this purpose.

Get it done

Repairs and replacements must be completed within 6 months of your claim being settled.

Pay your excess

- Pay all the basic excess amounts, plus any additional excess amounts that you're required to pay for each claim, if applicable, and as stated on your policy schedule.
- The excess amount that you need to pay will consist of:
 - The basic excess amount that applies to each specific insured incident or item.
 - Any additional excess amount that may be applicable for certain insured incidents or circumstances, as stated on your policy schedule.
- Excess payments are also payable in circumstances where you didn't cause the accident.

When you submit a claim, we may act on your behalf or obligations against other people to recover costs or defend any claim that they may have against you. If we manage to also recover the excess amount that you've already paid, then we'll refund it to you. Relax, we've got your back.

Let us take care of the difficult part

Never admit guilt or offer a settlement to any other party involved in an incident. We know that you're a nice person and that you want to do the right thing, but we won't be bound by any such admission or offer that you make. Just let us take care of everything. It's our job.

Honesty is always the best policy

If your claim is rejected due to fraud or dishonesty, you'll need to pay us back for any expenses that we may have incurred relating to the claim. If you, or anyone acting on your behalf, submits a claim or any information or documentation relating to any claim, that's in any way fraudulent, dishonest or inflated, we'll reject that entire claim and cancel your policy retrospectively, from the date on which the incident was reported or from the actual incident date.

Our T's & C's

* Please note: These terms and conditions apply to every section of this policy.

Accountants

Any particulars or details contained in your books of account or other business books or documents, which may be required by us for the purpose of investigating or certifying any claims, may be produced and certified by your auditors or accountants and their certificate will be prima facie evidence (that's legalese for 'accepted as correct until proven otherwise') of the particulars and details that the certificate relates to.

Alarm systems

If you've advised us that surveillance or protective equipment, or burglar or fire alarm systems, are used or installed at your buildings you must:

- Ensure that they're regularly tested and maintained in accordance with the manufacturers' recommendations.
- Take all reasonable precautions to ensure that they're operational outside normal business hours.

Arbitration

If any difference arises as to the amount to be paid under this policy (liability being otherwise admitted) this difference will be referred to an arbitrator to be appointed by the parties concerned in accordance with the applicable statutory provisions in force. The making of an award will be a condition precedent to any right of action against us to recover the amount in dispute.

Breaching

The conditions of this insurance will apply individually to each of the risks insured and not collectively to them. So, a breach of any condition will void the policy only in respect of all the risks to which that breach applies and doesn't affect the policy in respect of the other risks.

Declaration basis/premium adjustments

If the premium for any section of this policy has been calculated on estimated figures, you'll need to, after the expiry of each period of insurance, supply us with the information that may be required to recalculate the premium for the period. Any differences will be paid by, or to, you.

Fire protection

All firefighting equipment and fire protection at your buildings must be installed, maintained and serviced in accordance with the regulations contained in the National Building Regulations or any other regulations as may be contained in the respective emergency services by-laws.

 **Please note: Any failure to comply with this condition will result in there being no liability under the fire section of this policy, irrespective of whether the non-compliance is causally related to the damage or not.**

Follow the rules

You must comply with all relevant statutory regulations. For example, all properties must comply with the National Building Regulations and plans must have been submitted to, and approved by, the local authority at the relevant time.

Inspections

We, and our service providers, have the right to value, inspect and examine, any insured property, by appointment. Neither our inspection nor our failure to inspect alters the terms and conditions of this policy or your obligations in any way. Any inspection will be restricted to matters which, in our opinion, are relevant to this policy.

Interest

No payment due by us for any claim will be subject to interest under the common law or under the prescribed rate of the Prescribed Rate of Interest Act No. 55 of 1975 as amended.

Jurisdiction

This policy is subject to the laws of South Africa.

Liability under more than 1 section

We won't be liable under more than 1 section of this policy in respect of loss, damage or liability arising from the same incident.

Other party's rights

Only you, the policyholder, have rights in terms of this policy and you can't cede these rights to a third party. An extension of cover towards another party, doesn't mean they have the right to claim. You can claim on their behalf and then we'll handle the claim on your behalf. Payment to you will absolve us from any further liability to a third party.

Subrogation rights

We have the right to take over and conduct in your name, the defence or settlement of any claim to recover damages, indemnity, contribution or otherwise. We have full discretion in the conduct of any proceedings and in the settlement of any claim. You must please provide us with all the required information and assistance as we may request in defending you or recover in your name.

Security firms

If an employee of a security firm that's employed by you under a contract, causes loss or damage, we agree, if in terms of such contract you may not claim against the security firm, not to exercise rights of recourse against the security firm.

We won't raise as a defence to any valid claim submitted under any section of this policy that our rights have been prejudiced by the terms of any contract entered into between yourself and any security firm relating to the protection of your property.

Taxes/VAT

All premiums, insured values and excess amounts are inclusive of all taxes/VAT.

Section 1: Buildings and common area contents

In a nutshell...

This covers your building/s at the premises specified on your policy schedule, all sections including common property and the loss of money. The king's got your back!

Choice of cover

Your choice, our pleasure

Under this section you can cover the following property belonging to you, or for which you're responsible:

1.1 Buildings.

1.2 Common area contents.

1.3 Business all risk.

1.4 Money.

1.1 Buildings

By 'buildings' we mean

Your buildings at the premises stated on your policy schedule, including all sections and common property, as well as:

- Improvements and fixtures of a structural nature including boundary and other walls, gates, fences, tarred or paved roads, driveways, parking areas or paths, garages and carports.
- Any items that are built in, fixed to or on the building itself.
- Public supply connections, including water, sewerage, gas, electricity and telecommunication connections owned by you or for which you're legally responsible, between the property covered and the public supply or mains, subject to the insured value that's stated on your policy schedule.
- Permanently-installed sporting and recreational structures, including tennis courts, floodlights, swimming pools and spas.
- Jetties, quays and marinas.
- Satellite dishes, radio and TV aerials, and their associated wiring, masts and towers.
- Blinds and awnings on the outside of the buildings.

- Fixed wall and floor coverings, including any other item or structure installed by the owner for their exclusive use and that's permanently attached or fixed to the building and is legally part of it, including any improvements made to an existing fixture.
- Fixed fire prevention and security equipment, like fire hoses, fire extinguishers and security cameras.
- Electrical and gas appliances, but only if these appliances are permanently connected or plumbed to the property's electricity or gas supply.
- Elevators and escalators and their associated equipment.
- Transformers, motors, boilers, air conditioning units and standby generators.
- Glass other than the glass that's more specifically covered elsewhere under this policy.

* **Please note: Standard buildings must be constructed of brick, stone, concrete or metal, on a metal framework and roofed with slate, tiles, metal, concrete or asbestos. Buildings constructed from any other material, for example thatched-roofed or timber-framed buildings, are considered non-standard and must be specifically described on your policy schedule.**

What's covered by the king

Accidental loss and damage

You're covered for sudden, unexpected and unforeseen loss or damage that occurs while you have an active policy with us, at the insured premises, up to the insured value that's stated on your policy schedule.

Your cover is subject to the terms, conditions, exclusions and limitations that apply to this section, as well as those which apply to all the sections of this policy.

What's NOT covered by the king

You're not covered for the loss or damage to:

- Fixtures removed by a lessee or tenant at the end of a lease.
- Dams and dam walls.
- Illegal installations and renovations that aren't approved by the trustees.
- Property that's in the course of being constructed, erected, altered, added to or renovated, but not including cosmetic changes like painting.
- Any non-standard construction, unless agreed by us.
- Property that doesn't comply with National Building Regulations.
- Hedges.
- Swimming pool covers.

- Portable swimming pools.
- Marinas, wharves, docks, jetties and pontoons used for commercial purposes or to provide fuel distribution facilities.
- Mobile air conditioning units.
- Any property belonging to tenants or for which they're responsible.

The stuff you need to do

Yes, even the king needs your help. We're counting on you, and we'd hate to see your claim being rejected or the validity of your cover being questioned because you didn't do what was needed on your part.

Keep us in the loop

Tell us immediately after you become aware that:

- The building is vacant or abandoned for more than 60 consecutive days.
 - Any alternations, additions or improvements are being made to the building. For example, if your building has a slate roof, we charge a specific premium for that. If you later thatch the roof without telling us, you'd be paying the wrong premium because thatch has a higher risk of fire damage, and so your building wouldn't be covered against fire.
- Remember, incorrect details = incorrect cover.

Responsibilities of others

It's important that you make sure that your employees, members, partners, directors, principals, and all residents at the insured property follow the terms and conditions of this policy.

Precautions

You must take all reasonable precautions for the care, safety, protection and maintenance of your property. You must also comply with all statutory obligations, by-laws, and regulations imposed by any public authority.

If you don't comply with these conditions and loss or liability is caused, we may refuse to pay a claim or reduce the amount that we pay you.

Let's talk money

Replacement value

The insured value that's stated on your policy schedule is the maximum amount that we'll pay for the loss of, or damage to, your buildings, minus the excess and any dual insurance or under-insurance. We'll pay the percentage determined in accordance with the provisions of Section 32 of the Sectional Titles Act, as shown on a sectional plan in accordance with the participation quota.

Now, with the above in mind, you need to cover your building for its replacement value. This is the cost of rebuilding or repairing the building with new materials at the time of the claim.

The replacement value must include these additional costs:

- Professional and municipal fees.
- Demolition charges.
- Debris removal.
- Making the site safe.

How we work out your 'average'

If you insure the building for an amount that's less than its replacement value, then the average value will apply and we'll only pay you proportionately. So, let's say that the correct value of a unit is R1,000,000 and you only cover it for R800,000. You'll be compensated for 80% of your loss. The average is restricted to the individual units and doesn't apply to the building as a whole.

Basis of settlement

In the event of the loss of, or damage to, your buildings, we'll pay the cost of rebuilding or repairing the damaged portions to the same condition that they were in before the incident. However, we won't reinstate them exactly or completely, only as circumstances permit and in a reasonably sufficient manner. We also won't ever pay more than the applicable insured value for any insured items.

Reinstatement, replacement or repair

If we pay you to rebuild, then you can choose to do so on the same or a different site. If it's on a different site, the amount we'll pay will stay the same.

If only part of your building is damaged, then our liability won't go higher than the cost of the repair.

If the architectural features or structural materials of the insured buildings have a special ornamental, antique or historical significance, or the materials aren't readily available, then we'll do our best to use the nearest available equivalent to the original materials.

We won't pay for the repair or replacement of undamaged property just to create a uniform appearance throughout the building. This means, for example, that if floor coverings are damaged, we'll only pay to repair or reinstate the affected area, even if that means that your floor coverings don't match all the way through your building afterwards.

We also won't pay for any additional or special value that an item has because it's part of a pair, set, system, or collection. In this case, we'll pay for the proportionate value of the part of the pair, set, system or collection that's lost or damaged, not the whole set.

The work of rebuilding, replacing, repairing, restoring or reinstating the building must start within 6 months of the loss or damage occurring (or any other period that we may agree with you). If this doesn't happen, we're not liable for any payment beyond the amount that would've been payable if the delay hadn't occurred, and you might have to pay the difference.

Destruction and damage

There are times when a building must be destroyed. We use the criteria as set out in Section 17 of the Sectional Titles Schemes Management Act No. 8 of 2011 to decide on the destruction of a building.

Accordingly, compromised buildings in a community scheme are deemed to be destroyed:

- Upon the physical destruction of the building.
- When the owners, by unanimous resolution, choose to do so and all holders of registered sectional mortgage bonds, as well as those with registered real rights concerned, agree to it in writing.
- When a court of law decides that it's just and equitable that the building must be considered to have been destroyed.

Once the building is damaged or destroyed, the owners may, by unanimous resolution or by court order, authorise a community scheme to:

- Rebuild and/or reinstate the entire building or part thereof.
- Transfer the interests of owners of sections that have been wholly or partially destroyed to other owners.

When these powers have been exercised, the owners can pass resolutions as they see fit, or a court of law may make an order, in connection with:

- The application of insurance money received by the body corporate in respect of the damage to, or destruction of, the building.
- The payment of money by or to the body corporate, or by or to the owners.
- An amendment to the sectional plan to include an addition to, or a subtraction from, the common property.
- The variation of the quota of any section.
- The imposition of condition.

 **Please note:**

- **We have the right to intervene in the above proceedings and will only pay for the actual damage to the insured property if it's deemed to have been destroyed in terms of Section 17 of the Sectional Titles Schemes Management Act No. 8 of 2011 as amended.**
- **Where 2 or more buildings are comprised in a community scheme and only 1 part of 1 of these buildings is damaged or destroyed, the provisions of the Act shall apply as if these buildings were 1 building and part of this has been damaged or destroyed.**

Escalation

During each period of your cover, your building's insured value will be increased in proportion to the period that your cover has been in force, by the percentage that's stated on your policy schedule.

However, it remains your responsibility to ensure that the insured values for the upcoming period of cover and the percentage increase required for this period are correct.

If damage occurs, then the insured value at the time of the loss will be increased by the percentage that's stated on your policy schedule.

Inflation

If your insured property is damaged, then the amount we'll pay will be increased by the percentage stated on your policy schedule at the time of the loss, so that we can account for inflation.

The king's additional benefits

If we accept and pay a claim for loss or damage to your buildings, the following additional benefits will be paid too, provided that the amount paid out doesn't exceed the insured value of the affected property, as stated on your policy schedule.

Subsidence and landslip

You're covered for loss or damage to your property due to sinking caused by downward or lateral movement of the land that supports it, natural shifts, or human activity. This cover is subject to a building's foundation and construction being designed and approved by a licensed structural engineer.

You're not covered for damage caused by:

- Volume changes in clay-based soil or rock caused by changes in the moisture levels.
- The rise in the water table or pressure caused by it.
- Coastal or river erosion.
- Excavations (including the removal of lateral support), other than mining activities.
- Removal or weakening of pillars.
- Defective design, material and workmanship.
- The normal settlement, shrinkage or expansion of the soil supporting the structures.
- The poor compaction of soil used to fill areas under paving and floors.
- Additional underpinning of foundations that's necessary for the repair of the building or to prevent further damage.
- Drains, water courses, boundary walls, garden walls, retaining walls, gates, posts or fences, unless stated on your policy schedule.
- Workmen engaged in making any structural alterations, additions or repairs to any building situated at the insured property.
- Consequential loss of any kind whatsoever, except for the loss of rent or the cost of alternative accommodation.
- Active soils, except where professional engineering design precautions have been implemented during construction.
- Work that's necessary to prevent further destruction or damage due to subsidence or landslide.
- Damage from a cause that existed before the start of your policy.
- Solid floor slabs or any other part of the building, due to the movement of such slabs, unless the foundations supporting the external walls of the building are damaged by the same cause at the same time.
- A building that's constructed or situated on dolomite and limestone land/sites.

 **Please note: If your claim is rejected because we say that 1 or more of these exclusions applies, the onus is on you to prove the contrary.**

Architects' and other professional fees

You're covered for the professional fees required for the reinstatement or replacement of the building, limited to 25% of the insured value that's stated on your policy schedule.

There's no cover for the costs, fees and salaries for preparing any claims under this additional benefit.

Demolition and clearing costs

You're covered for the cost and expenses that you reasonably incur for demolition, removal of debris, providing, erecting and maintaining hoardings required during demolition, site clearing, and building operations, following damage to the insured property caused by a insured incident, provided that the total amount recoverable under any item doesn't exceed the insured value of the affected building.

We don't cover the costs and expenses that you may incur in removing debris, except if it's from the site of a damaged or destroyed insured building and the area immediately adjacent to it.

Please note: This benefit doesn't extend to cover any liability that you may incur as a consequence of pollution or contamination of any kind.

Municipal plan scrutiny fees

When it comes to the fees incurred and owed to the municipality, we'll cover these costs, provided that the total amount recoverable under any item doesn't exceed the insured value of the affected building.

Public authorities' requirements

You're covered for the cost required for your buildings to comply with any statute, regulation or any municipal or other statutory authority, provided that it doesn't exceed the insured value.

You're not covered for any cost:

- If the building didn't comply, or if a notice had been served on you, before the incident.
- For any damage not insured under this section.
- For undamaged property or portions of the property.
- If the building can't be built or repaired where it stood before the incident.
- For any rate, tax, duty, development or other charge or assessment arising from capital appreciation.

Flood resilience and flood protection

- Animals, birds or fish.
- Equipment designed to be used off-site.
- Items that are covered under 'Business all risk' and stated as such on your policy schedule.

Let's talk money

Basis of settlement

If there's a loss of, or damage to, contents we may choose:

- To restore or repair an item to the condition it was in when it was new.
- To pay you the reasonable cost of such replacement or repair.

Replacement value

You're covered for the reasonable cost of repairing or replacing an item to a condition that's substantially the same as when new, but not better or more extensive than when new. So, you need to insure your common area contents for their total replacement value. This is the cost of replacing your lost or damaged items with similar ones at a current replacement cost.

If an item that's part of a set is damaged, we'll only pay for the reasonable cost of repairing or replacing the item itself, as a proportion of the reasonable cost of repairing or replacing the whole set, notwithstanding that the set is less valuable by reason of it being incomplete.

If wall, floor or ceiling coverings (including carpets, blinds and curtains) are damaged, we'll pay only for the cost of repairing or replacing the item in the room, hall or passage where the damage happened.

Average

The most we'll pay is the insured value that's stated on your policy schedule. If the replacement value of your common area contents is more than the insured value, we won't pay the full amount of your claim. We'll calculate the difference between the replacement value and the insured value, and apply this proportionately to your claim. You'll be considered your own insurer for the difference and will bear a rateable share of the amount of the loss or damage.

 **Please note: If there's more than 1 item stated on your policy schedule, this condition will apply to each item separately.**

You must also enter into and maintain a comprehensive maintenance agreement for the servicing and repair of lifts, escalators, elevators and other machinery that’s stated on your policy schedule.

Let's talk money

We'll elect to either repair or replace the machinery or pay for the cost of same to a condition equal to, but not better or more extensive than, its condition immediately before the incident.

The insured value for each item of machinery that's individually stated on your policy schedule must be equal to the installed new replacement value at all times. If, at the time of an insured loss or damage to an individually-stated item, it's found that the total value of the item is more than its insured value, you'll be considered your own insurer for the difference and will bear a rateable share of the amount of the loss or damage. Each item that's individually stated on your policy schedule will be separately subject to this condition.

 **Please note: Our liability is limited to the insured value that's stated on your policy schedule.**

We'll also pay the cost of temporary repairs that are carried out by you in the interest of safety or to minimise any further loss or damage to the insured property. If, however, the temporary repairs aggravate the loss or cause additional loss or damage, the additional cost incurred and the consequences arising from the repair will be for your account.

In the case of repairable damage, we'll pay for the cost of repairs to restore the damaged item to its condition immediately before the damage occurred, including the cost of transport, labour and the on-site cost of parts, assembly and custom duties, less the value of any re-usable parts.

If the damage is restricted to a part or parts of an insured item, we won't pay any amount greater than the value of such part or parts, as allowed for in the insured value that's stated on your policy schedule. If replacement parts are unavailable or obsolete, we won't pay more than the manufacturer or suppliers' latest list price.

If the machinery is totally destroyed, the basis of settlement will be the new replacement value immediately before the damage occurred, less a reasonable amount for use, plus the cost of removing the damaged machinery. No depreciation will be applied to machinery that's less than 3 years old.

An insured item will be regarded as totally destroyed if the cost of repairing it equals or exceeds the new replacement value immediately before the damage, less a reasonable amount for use.

What's excluded

In addition to the general exclusions that apply to all sections of your policy, we also won't pay for:

- Damage, defects or defective insulation, due to the wearing away or wearing out of any part of a machine, that's caused by or naturally results from ordinary use or working.
- Consequential financial loss, loss of use, or other indirect loss.
- Rusting or scratching of painted or polished surfaces.
- Damage to machinery by any cause that's covered elsewhere by this policy.
- Damage resulting from experiments, overload or similar tests requiring the imposition of abnormal conditions, or from the execution of repairs.
- Replacement or restoration following gradual deterioration (including rust, corrosion, erosion, oxidation and scale formation).
- Any damage or loss that's covered under any warranty or service agreement or that would've been covered under a warranty or service agreement if you hadn't breached the terms of the warranty or service agreement.
- Damage to machinery while the building is undergoing any extensions, alterations or renovations, and which directly or indirectly results from the building work.
- Loss of refrigerant oil or lubricant, due solely to worn or deteriorated seals or valves.
- Cleaning and maintenance services.
- Any consequences arising from temporary repairs, unless we've authorised such repairs.
- Alterations, additions, improvements, overhauls, maintenance and adjustments, and the replacement of undamaged components whether carried out in the course of repairs or as a separate operation.
- Adjustment, cleaning or recharging refrigeration or air conditioning equipment, unless necessary as part of the repair of any machine that's insured under this section.
- Repairing or replacing belts, filters, refrigerant dryers, fuses, electric heating elements, electrical contacts, thermostats, thermostatic expansion valves, lamps, gland packing, seals, cutting blades, commutators, slip rings, brushes, chains, ropes, switches, bearings, glass or ceramic components, joints or non-metallic parts and all operating media.
- Loss, destruction or damage that's caused by any crack, fracture, blister, lamination, flaw or grooving, even when accompanied by leakage, which hasn't penetrated completely through the entire thickness of the material of the machine, boilers or pressure plant.
- Fire, spontaneous combustion, smoke or soot, extinguishing of a fire and subsequent demolition.
- Any process of heat treatment, welding, grinding, cutting, drilling, shaping or the application of tools to boilers and pressure plant.
- Unloading, delivery to, and loading before dispatch from, the location.
- Damage or loss caused by any willful act or negligence on your part.

Section 3: Electronic equipment

In a nutshell...

This ensures that your electronic equipment's covered in case of sudden and unforeseen physical damage. The best part? The king also covers your data and software in case of loss, destruction or corruption!

By 'electronic equipment' we mean

- Electronic equipment (excluding computers and peripheral equipment) as stated on your policy schedule.
- An executable program or computer code segment that's self-replicating, requires a host program or executable segment in which it can be contained, and which destroys or alters the host, program or other computer code or data, causing undesired program or computer system operation.
- Data, information or records that are stored on media material.
- Expendable items and parts that are normally not re-used and require frequent or periodic replacement.
- Media material, including any optical discs or magnetic medium that can be used to store data or software such as, but not limited to, tapes, discs and cards.

We'll also cover physical damage to, and destruction or loss of, data, software and media material, including the corruption of data or software.

* **Please note: Our liability is limited to the insured value that's stated on your policy schedule and is subject to the terms, conditions, exclusions and limitations that apply to this section, as well as those that apply to all the sections of this policy.**

What's NOT covered by the king

We won't pay, irrespective of the original cause, for:

- Loss of the use of the insured electronic equipment.

* **Please note: You need to insure your electronic equipment for its total current replacement value.**

Let's talk money

If your insured electronic equipment is damaged, we may choose:

- To replace the item with the nearest equivalent item available.
- To restore or repair the item to the condition it was in when new.
- To pay you the reasonable cost of repairing or replacing the item to a condition that's substantially the same as when new, but that isn't better or more extensive than when new. We'll calculate the difference between the new replacement value and insured value and apply this amount proportionately to your claim.
- Any combination of these, limited to the insured value/s stated on your policy schedule.

* **Please note: If insured electronic equipment can't be repaired or replaced without improving the output, capacity or efficiency of the item, then our payment will be limited to the cost of replacing the item, less the value of any such improvements.**

We won't pay for costs incurred:

- After 90 days have elapsed since the incident.
- During the 24 hours immediately after the incident.

Removal of debris

You're covered for the cost necessarily incurred for removing, storing and disposing of debris following damage to the insured electronic equipment, limited to 15% of the claim value.

- Damage that's directly or indirectly caused by or arises from:

Section 4: Public liability (claims made basis)

In a nutshell...

Public liability covers you in the case of legal action brought against you by members of the public.

What's covered by the king

Cross liabilities

Where more than 1 party is insured in terms of this section, we'll cover each party separately and not jointly. Any liability arising will be treated as if a separate policy had been issued to each of the said parties, but nothing contained in this clause will operate to increase the insured value that's stated on your policy schedule.

Your legal liability

You're covered for damages arising from personal injury or property damage that you become legally liable to pay as the owner (but not the tenant) of the insured building/s and common property, and which happened in the course of, or in connection with, the ownership of the insured property, on or after the retroactive date stated on your policy schedule, and that results in a claim first being made against you in writing during the period of insurance.

Any claim first made in writing against you as a result of an incident will be treated as if it had first been made against you on the same day that you report the incident to us.

By 'retroactive date' we mean

The date from which you've been continuously insured under 1 policy, or under successive policies that previously provided the same or similar cover to this policy.

What's NOT covered by the king

We don't cover the legal liability of your employees or tenants, nor do we cover injury to you or the loss of, or damage to, your own property.

The stuff you need to do

If you're no longer covered with us, you must report any incident that happened while you were covered with us within 31 days of the date that your policy with us ended.

Let's talk money

We'll pay, on your behalf, all amounts that you become legally liable to pay for the compensation of:

- Bodily injury, sickness or disease sustained by any person, including resultant death.
- Wrongful arrest and defamation.
- Wrongful entry, eviction or any other invasion of privacy.
- Assault that's not committed by you or at your direction, unless for the purpose of preventing personal injury or property damage.
- Physical damage to, or the destruction of, tangible property, including subsequent loss of use from the damage or destruction.

We'll also pay any legal costs that you incur in relation to the incident. This includes costs awarded against you.

Please note: Our liability is limited to the insured value that's stated on your policy schedule, at the time of the incident.

If there's more than 1 period of insurance for this policy that may apply to an incident, for example following policy renewal or replacement, our liability is limited to the insured value for the period of insurance starting with the start or renewal date, whichever is applicable.

The king's additional benefit

If we accept and pay a liability claim on your behalf, the following additional benefit will be covered too, provided that the amount recoverable doesn't exceed the insured value stated on your policy schedule.

Emergency medical expenses

You're covered up to R50,000 for all reasonable expenses that you may incur for any immediate medical treatment that may be necessary at the time of an incident that causes injury to any person who may be the subject of a liability claim.

What's excluded

In addition to the general exclusions that apply to all sections of your policy, we also won't pay for:

- Your use, ownership or possession of any vehicles, motorbikes, mini-bikes, trailers or watercraft, other than golf carts, ride-on mowers and motorised maintenance equipment.

- Damage to property:
 - That belongs to you or that you're responsible for.
 - In your custody or control, or that of any of your employees.
 - That's caused by vibration, or the removal or weakening of, or interference with, support to any land, building or other structure.
 - That you are, or have been, working on, if the damage results directly from such work.
- Any claim arising from an event known to you:
 - That hasn't been reported to us in terms of the general conditions of this policy.
 - Before the start date of this policy or of any cover under this section.
- Any liability assumed by agreement, except where liability otherwise exists by law in the absence of such an agreement.
- Any judgment, award or settlement made in the first instance outside of South Africa, or any order made anywhere in the world to enforce a judgment, award or settlement, either in whole or in part.
- Any alteration, addition or repair to, or servicing of, lifts, escalators or hoists, including anything that forms part of a lift, escalator or hoist, that you do. This doesn't apply to alteration, addition or repair to, or servicing of, lifts, escalators or hoists that's done by a person or company that you employ or contract and who's qualified to do such work.

- Injury or damage to, or the loss of use of, property directly or indirectly caused by seepage, pollution or contamination, except if such seepage, pollution or contamination is caused by a sudden, unintended and unforeseen incident.
- The cost of removing, nullifying or cleaning up substances resulting from seepage.

- Any liability that's due to your deliberate, conscious and intentional disregard or to your failure to take reasonable precautions to prevent any incident that may give rise to a claim.
- Any of your internal or overhead expenses, or the cost of your time.
- Fines or penalties imposed by law, including civil penalties, and vindictive, punitive or exemplary damages.

Section 5: Office bearers' liability (claims made basis)

In a nutshell...

Here we cover any wrongful acts committed by your office bearers while they're acting on your behalf, in their capacity as an office bearer and carrying out their duties.

By 'wrongful act' we mean

Any actual or alleged error, breach of trust or duty, neglect, misstatement, misleading statement, omission or other act that's wrongfully committed, or attempted, by an office bearer, while acting in their capacity as office bearer and carrying out the duties and requirements of the business as defined.

By 'you, your and yours' we mean

The body corporate, homeowners' association, share block investors, management committee and office bearers of the insured community scheme, set out as:

- Body corporate: The controlling body of the building/s stated on your policy schedule and acting within the requirements of the Sectional Titles Management Schemes Act No. 8 of 2011 as amended.
- Homeowners' association: The directors of a non-profit company acting within the requirements of the Companies Act No. 71 of 2008 as amended.
- Share block investors: The directors/members of a syndicate or company acting within the requirements of the Share Blocks Control Act No. 59 of 1980 as amended.
- Management committee: Who are acting within the requirements of the Housing Development Schemes for Retired Persons Act No. 65 of 1988 as amended.

What's covered by the king

You're covered for any loss arising out of claims brought against you by reason of a wrongful act that was committed on or after the retroactive date of this policy and first made during the period of insurance, provided that we receive notice of such claim in writing during the period of insurance, and such claim arises from an act that isn't excluded under this policy.

Any claim first made in writing against you as a result of an incident will be treated as if it had first been made against you on the same day that you reported the incident to us.

By 'retroactive date' we mean

The date from which you have been continuously insured under 1 policy or successive policies, that provided the same or similar cover to this policy.

Where we insure more than 1 party, the application for insurance is construed as a separate application by each office bearer, for example:

- Any failure by an office bearer to comply with the duty of disclosure won't be imputed to any other office bearer, where the other office bearer is innocent of and had no prior knowledge of the non-disclosure.
- For the purposes of what we'll not pay, no facts pertaining to the conduct of or knowledge possessed by an office bearer will be imputed to any other office bearer.

Who's NOT covered by the king

Any authorised management agency, director, partner, representative or employee of a management agency with whom you or the owner of a unit in your buildings, have entered into any management agreement.

Nor any former management agency who was an authorised managing agent, director, partner, representative or employee of a management agency with whom you or the owner of a unit in your buildings, have entered into any management agreement.

The stuff you need to do

Please ensure that:

- An office bearer gives us written notice of any claim made against them in accordance with the provisions of the general conditions of this policy.
- Both you and the office bearer provide all reasonable assistance and co-operate with us in the defence of any claim.
- Neither you nor the office bearer admit liability, settle any claim, assume any obligation, nor incur any costs and expenses without our prior written consent.
- You and the office bearer use due diligence and at all times, act in a manner to avoid or diminish any claim.
- If your cover with us is cancelled, you report the incident which occurred while you were covered with us, within 31 days of your policy cancellation date.

Let's talk money

We'll pay the amount that a person who's a member or a former member of the committee of the governing body or a duly appointed member of a sub-committee of your buildings is liable to pay.

The total that we'll pay, inclusive of all costs and expenses in respect of all claims under this section, won't exceed the insured value that's stated on your policy schedule during any 1 period of insurance, starting with the start or renewal date, whichever is applicable, regardless of the number of claims made or reported.

If the insured value is altered during the period of insurance, the insured value that applied when you first became aware of the incident will apply to all claims made or deemed to have been made or arising out of the incident.

Any sum paid by us in the discharge or settlement of any threat or intimation of a claim, or in relation to any circumstance which might give rise to a claim, will be deemed to be a payment made in the discharge or settlement of a claim.

We have the right to negotiate, defend or settle in your or the office bearer's name and on your or the office bearer's behalf, any claim and will have full discretion in the conduct of any proceedings or in the settlement of any claim.

If you refuse to consent to any settlement recommended by us and choose to continue with any legal proceedings in connection therewith, our liability for the loss won't exceed the amount for which the claim could have been settled including the costs and expenses incurred up to the date of your refusal, provided that the insured value isn't exceeded.

What's excluded

In addition to the general exclusions that apply to all sections of your policy, we also won't pay for:

- Indemnity claimed or claimable in terms of any other insurance, or otherwise more specifically covered or excluded by any section of this policy or any failure to effect or maintain adequate insurance.

- Defamation, libel or slander.
- Any duty, tax, levy or other compulsory payment.
- Remuneration for which the body corporate or company is legally liable.

- Any of your internal or overhead expenses or for the cost of your time.
- Fines or penalties imposed by law, including civil penalties, and vindictive, punitive or exemplary damages.
- Any conflict of duty and/or interest.

The king's additional benefit

Court appearance

You're covered for the daily take-home salary or wage of an office bearer, body corporate committee member or managing agent if we require such person to attend court in connection with a claim, limited to R3,000 per day and R12,000 annually.

Section 6: Fidelity

In a nutshell...

This covers you against losses incurred as a result of dishonest employees, which occur on or after the retroactive date (specified on your policy schedule) and are discovered by you during the period of insurance.

By 'employee' we mean

Any 1 or more natural or juristic persons each of whom is:

- Subject to a contract of service or apprenticeship with you.
- Employed on a part-time or temporary basis, including limited duration contractors and employees hired or seconded by an employment contractor to perform duties for you, under your direct supervision and control at all times or whom you have the right to govern and direct in the performance of this service.
- Participating in any recognised work experience, training, study, exchange, or similar scheme on the insured premises.
- An employee, director or officer of any managing agent authorised and retained by you in terms of a management agreement to perform services for you under a written out-sourcing contract, but only providing you don't waive rights of recourse against such managing agent and only while carrying out acts on your behalf.

Please note: Any person who ceases to be an employee will for all purposes of this policy, be considered as being an employee for a period of 12 months after ceasing to be an employee. Notwithstanding the period of 12 months stated, cover will terminate immediately as of the expiry date or cancellation date of this policy if you obtain alternative cover replacing in whole or in part the insurance afforded by this policy.

By 'retroactive date' we mean

The date from which you have been continuously insured under 1 policy or successive policies, that provided the same or similar cover to this policy.

By 'discovered' we mean

You becoming aware of any actual or potential claim by a third party or for any loss for which indemnity is or may be provided under this policy, or of any fact or circumstance which would cause a reasonable person to assume that any loss as insured under this policy has or may have occurred, and regardless of:

- The time or place of any act, transaction or other event which has or may have caused or contributed to the claim or loss.
- Whether your knowledge of the claim or loss is or could be sufficient at the time of your first awareness, to establish whether and to what extent such indemnity may be provided.

What's covered by the king

You're covered for the value of money, negotiable instruments and/or securities received by you or collected on your behalf, which has been or was to have been set aside for the financial management of your affairs and which are lost as a direct result of theft, embezzlement, misappropriation, conversion or fraud that occurs during the period of insurance.

What's NOT covered by the king

We don't cover any person or company not stated on your policy schedule nor money, negotiable instruments or securities of unit owners.

This insurance is for your exclusive benefit and no other person will have any rights under this policy in respect of any claim.

The stuff you need to do

As a condition precedent to our liability to make any payment under this section, you must:

- Give us written notice of every occurrence, loss or claim made or threatened against you that gives or may give rise to a claim under this policy as soon as reasonably possible upon discovery. Such notice must include full particulars thereof and every letter, demand, summons or other notice or process received by you.
- Provide us with all the information and assistance we require.
- Provide or make available for examination (upon request and at a time and place designated by us) to the best of your ability and power, all relevant books, records and papers (including the audit papers of your auditors) and for interview, any director, officer, employee or other person.
- Take no action which might prejudice us, and you must not admit liability or offer to settle any claim, loss or costs without our prior written consent.
- Not appoint counsel without our prior consent.

Let's talk money

We'll only pay:

- Up to the insured value that's stated on your policy schedule, less any costs incurred by us, or any lesser sum for which any claim can be settled, whereupon we'll be under no further liability to you in respect of the claim.
- If the loss occurs during the period of insurance.

For the purpose of this policy, we'll consider any 1 loss and/or series of losses to arise out of the same incident if any of the persons, transactions, conditions or circumstances concerned herein are either common or directly or indirectly related. If a loss is alleged to have been caused by fraud or the dishonesty of any of the employees and you're unable to designate the specific employee or employees responsible for the loss, your claim in respect of the loss won't be invalidated by your inability to do so, provided that you're able to furnish evidence required to prove to our reasonable satisfaction that the loss was in fact caused by 1 or more dishonest or fraudulent acts.

The king's additional benefits

If we accept and pay any claim made under your fidelity guarantee policy, the following additional benefits will also be covered, provided that the amount recoverable doesn't exceed the sum of the insured values stated on your policy schedule.

Additional period

You're granted an additional period of 12 months to either discover a loss or to identify circumstances that may give rise to a claim for indemnity in terms of this policy, provided that this additional period applies only in the event of us (and not you) cancelling or refusing to renew your policy.

 **Please note: The quotation by us of different premiums, terms, limitations, exclusions or limits of indemnity at renewal doesn't constitute a refusal to renew.**

Legal fees

The policy is extended to include the cover for legal fees, costs and expenses incurred and paid by you in defence of any demand, claim, suit or legal proceeding, which you can reasonably establish, results directly from a loss covered by any insured incident.

Provided always that:

- The indemnity under this extension is part of and not in addition to the insured value that's stated on your policy schedule and is restricted to the percentage of the insured value, up to a maximum of 15% of the annual aggregate insured value but won't exceed R5,000,000 in any 1 period of insurance.
- Such loss exceeds the excess stated on your policy schedule.
- We'll only be liable to make any payment of fees, costs or other expenses incurred with our prior consent.

What's excluded

In addition to the general exclusions that apply to all sections of your policy, we also won't pay for costs that:

- Aren't discovered during the period of insurance or that happen before the retroactive date that's stated on your policy schedule.
- Result directly or indirectly from any dishonest or fraudulent act of an employee, other than such loss which is covered under this section resulting from any dishonest or fraudulent act of any person committed after the discovery, in relation to that person, of any fraudulent or dishonest act.
- Result from any actual or apparent shortage (regardless of the amount thereof) in any physical cash balance, or inventory, and caused by any error of the employee committed in good faith.
- Arise from indirect or consequential loss of any nature.
- Are incurred by any company or other legal entity acquired by you during the currency of the policy, unless stated on your policy schedule, or unless the acquisition of such company or other legal entity doesn't increase your number of employees or annual turnover by more than 20%.
- Result from, or are contributed to by, any theft, fraud or dishonesty committed by:
 - Any partner, principal, director or member, unless they act in an executive capacity or are also an employee.
 - Any employee or partner, from the time you become aware that they've committed any theft, fraud or dishonesty.
- Are based on, arise out of, or directly or indirectly result from or as a consequence of, or in any way involve, any pension, profit sharing, employee benefit or welfare programme, or any share option or incentive scheme or trust, that's established in whole or in part to benefit any of your directors, officers or employees.

Section 7: Employers' liability (claims made basis)

In a nutshell...

This is cover for defence costs incurred, including damages and claimant's costs and expenses that you're legally liable to pay to any employee, following an incident on or after the retroactive date of this policy which results in a claim first made against you, in writing, during the period of insurance and which isn't excluded in this section or excluded under 'General exclusions'.

By 'defence costs' we mean

Fees, costs, charges and expenses incurred by us or you with our prior written consent, in the investigation, defence, monitoring and settlement of any claim.

By 'employee' we mean

Any person who's employed by you under a contract of service, but excluding managing agents and their employees, and appointed contractors and their sub-contractors.

By 'incident' we mean

An event that results in personal injury that you don't expect or intend to happen. The incident must happen in the course of, and in connection with, the employee's employment with you.

All events of a series consequent or attributable to 1 source or original cause are deemed to be 1 incident.

By 'retroactive date' we mean

The date from which you have been continuously insured under 1 policy or successive policies, that provided the same or similar cover to this policy.

What's covered by the king

You're covered for the accidental death or illness of, and bodily injury to, any employee, that happened in the course of and in connection with their employment by you, within the territorial limits of this policy.

We'll only pay if, at the time of the incident, the employee is doing work for you in respect of your ownership or management of the buildings and common property insured under this policy.

What's NOT covered by the king

Any incident that's covered by the Occupational Injuries and Diseases Act No. 130 of 1993.

The stuff you need to do

Report incidents after a cancellation or non-renewal

If you're no longer covered with us, you must report any incident that happened while you were covered with us within 31 days of the date that your policy with us ended.

Let's talk money

Our liability is limited to the insured value (including all costs and expenses) that's stated on your policy schedule, during any 1 period of insurance, regardless of the number of claims made or reported.

If the insured value is altered during the period of insurance, the insured value that applied when you first became aware of the incident will apply to all claims made or deemed to have been made, or that arise from the incident.

What's excluded

In addition to the general exclusions that apply to all sections of your policy, we also won't pay for:

- Liability that's assumed by you under any contract, undertaking or agreement, if this liability wouldn't have attached to you in the absence of such contract, undertaking or agreement.
- Liability for disease or impairment due to a gradually operating cause and not from a sudden and identifiable accident or incident.
- Any judgment, award or settlement made in the first instance outside of South Africa, or any order made anywhere in the world to enforce the judgment, award or settlement either in whole or in part.
- Benefits given by any legislation.
- Any incident that happened before the start date of this policy that you were aware of, or could reasonably have been expected to be aware of, that may result in a claim.
- Any incident that you're entitled to claim for under another policy that ended before this policy started.
- Any of your internal or overhead expenses or the cost of your time.
- Fines or penalties imposed by law, including civil penalties, and vindictive, punitive or exemplary damages.

Section 8: Group personal accident

In a nutshell...

You're covered if your trustees, directors or employees are injured as a result of violent, accidental, external and visible means while they're engaged in work on your behalf.

By 'group personal accident' we mean

The death or permanent disablement of a trustee, director or employee working for you or carrying out your duties, at the insured premises stated on your policy schedule.

By 'permanent disablement' we mean

An injury that entirely prevents a trustee, director or employee from carrying out all of their duties performed on your behalf, in connection with the insured premises.

What's covered by the king

You're covered for compensation for any trustee, director or employee who dies or becomes disabled solely and directly by violent, accidental, external and visible means due to an incident that happens during the period of insurance and while they're working on your behalf in connection with the insured premises stated on your policy schedule.

What's NOT covered by the king

We don't cover any pre-existing medical condition, sickness, disease or mental illness.

Let's talk money

We'll pay each injured trustee, director, employee or voluntary worker, provided that:

- If such person dies as a result of an insured disability, we'll reduce the amount we pay for the death by any compensation we've already paid for the disability.
- Such person isn't entitled to compensation under any workers' compensation insurance, road accident fund or other statutory scheme or fund.
- If total or partial disablement is claimed, such person earned a regular income derived from their physical exertion immediately before the incident.

What's excluded

In addition to the general exclusions applying to all sections of the policy, we won't pay any claim:

- Arising out of, or attributable to, such person being under the influence of alcohol or any drug, other than a drug prescribed by a qualified medical practitioner and taken according to its instructions.
- Arising out of or attributable to intentional self-injury or suicide, including injuries suffered as a result of attempted suicide.
- Arising directly or indirectly from such person being pregnant or giving birth.
- If such person doesn't obtain medical assistance from a medical practitioner as soon as possible following the incident.
- If such person is under 18 or over 70 years of age.

Section 9: Motor

In a nutshell...

You need to keep your community scheme's vehicles moving forward. That's why you need King Price motor insurance. We've got you covered for the loss of, or damage to, your vehicles due to accidents, fire, hail, or unlawful 'borrowing'. And if your vehicles cause injury to third parties, or they accidentally damage other people's property, we've got you covered for that, too.

By 'motor' and 'vehicle' we mean

Any South African-registered:

- Private-type vehicle (not seating more than 9 people including the driver).
- Commercial or special-type vehicle stated on your policy schedule.
- Motorcycle.
- Bus (including a vehicle used for business purposes and seating more than 9 people including the driver).
- Trailer (excluding its non-permanent parts and accessories).

The vehicle being covered must be owned by you, or be a vehicle that you've hired, borrowed or leased temporarily and which serves as a replacement vehicle for 1 that's out of use for the purpose of overhaul, upkeep, maintenance or repair. The maximum amount we'll pay for the replacement vehicle won't exceed the lesser of the market value of the replacement vehicle or the insured value of the replaced vehicle, as stated on your policy schedule.

By 'usage' we mean

The use that you choose is stated on your policy schedule. To have sufficient cover, it's vital that you insure your vehicle for the correct use.

• **Private use**

Private or social purposes, including driving between your home and regular place of work.

• **Business use**

Private use with additional cover, for instance if the vehicle forms an essential part of any work or function. (It basically means that without your vehicle you can't really make a living.)

By 'insured value' we mean

The insured value that's stated on your policy schedule refers to the amount a vehicle is covered for: Either the agreed or retail value.

In the event of a claim, the maximum amount that we'll pay is this insured value minus:

- The basic excess amount that's payable by you, as stated on your policy schedule for each type of claim.
- Any additional excess amounts that are payable by you, if applicable, and if they're stated on your policy schedule for that type of claim.
- Any dual insurance, meaning that if you're covered for the same amount at another insurer, we're only liable for our portion of it.
- Betterment values, if applicable.

If the vehicle is financed we'll first pay the outstanding settlement over to the relevant finance institution, up to the insured value. This excludes settlement penalties and interest charges on arrear payments that your finance institution may charge. The balance, if any, will be paid to you.

The insured value of your vehicle and its accessories is determined by the Auto Dealers' Guide. This guide takes the age, mileage and condition of your vehicle and its accessories into account. If the vehicle isn't listed in the guide, we'll establish its reasonable value from a suitable source.

If the vehicle has been hi-jacked or stolen and not recovered, or if it's been written off, we'll pay the insured value, including the value of any specified, non-standard, factory-fitted accessories, according to the values determined by the Auto Dealers' Guide.

Choice of cover

Your choice, our pleasure

You can choose to cover your vehicle in 3 ways:

Comprehensive cover

Cover for the loss of, or damage to, an insured vehicle caused by an accident or fire, self-ignition, lightning or explosion, or by the theft or any attempted theft of the vehicle. Medical expenses and liability to others are also covered under this section.

Third party, fire and theft only

Cover for the loss of, or damage to, an insured vehicle caused by fire, self ignition, lightning, or explosion, or by the theft or any attempted theft of the vehicle. Liability to others is also covered under this section but you don't have cover for any medical expenses here.

Third party only

Cover as provided for under 'Liability to others' only. You don't have cover for any loss or damage to the vehicle itself, or cover for any medical expenses.

Comprehensive cover

What's covered by the king

Cross liabilities

Where more than 1 insured person is stated on your policy schedule, we'll cover each insured person separately and not jointly, and any liability arising between them will be treated as though separate policies had been issued to each, provided that our aggregate liability won't exceed the insured value that's stated on your policy schedule.

Fire extinguishing charges

You're covered for costs relating to the extinguishing or fighting of fire that endangers an insured vehicle. Such costs will be deemed to be damage to the vehicle and will be payable in addition to any other payment for which we may be liable in terms of this section, provided that you're legally liable for such costs, and limited to R10,000.

Liability to others

You're covered for any accident caused by, through, or in connection with, any vehicle stated on your policy schedule, or in connection with the loading and/or unloading of such vehicle in respect of which you and/or any passenger become/s legally liable to pay costs and expenses for:

- The death of, or bodily injury to, any person, but excluding the death of, or bodily injury to, any person who you employ, and which arises from and in the course of their employment, or any member of your household.
- Damage to property other than property that belongs to, or that's held in trust by, you or is in your custody or control, or is being conveyed by, loaded onto or unloaded from the insured vehicle.

We'll also, in terms of and subject to the limitations and purpose of this 'Liability' cover:

- Pay all costs and expenses for representation at any inquest or inquiry into any death that you've claimed for under this cover, or for defending, in any magistrate's court, any criminal proceedings in respect of any act causing or relating to any incident that you've claimed for. The total amount we'll pay for the claim, together with any costs and expenses, is limited to the insured value that's stated on your policy schedule for 'Liability' cover.
- Cover any person who drives or uses an insured vehicle on your instruction or with your permission, provided that the person:
 - Observes, fulfills and is subject to the exclusions, and terms and conditions, of this insurance cover, as you would, in so far as they can apply.
 - Who's driving the vehicle hasn't been refused any vehicle insurance cover or renewal of cover by any insurer (including us).
 - Isn't covered under any other policy, except for any amount that you can't claim for under this policy.
- Cover you while personally driving or using any private-type vehicle that doesn't belong to you, and isn't leased or hired to you under a lease or suspensive sale agreement, provided that you're an individual and have insured a vehicle (other than a motorbike, bus or trailer) under this policy, and provided that we're liable for damage to the vehicle itself.
- Cover liability arising from the towing by a vehicle (other than for reward) for any other vehicle or trailer (including liability in connection with the towed vehicle or trailer), provided that we're liable for damage to the towed vehicle or trailer itself, or the property in or on it.

 **Please note: Cover won't apply to claims made by any member of the same household as the driver.**

Loss or damage

You're covered for the loss of, or damage to, the vehicles that are stated on your policy schedule, whether caused by accident, theft or hi-jacking, including their accessories and spare parts (while on or in the vehicle). In addition, if a vehicle can't be driven following any loss or damage covered by this policy, we'll pay the reasonable cost for the storage and towing of the vehicle to the nearest repairer.

We'll also pay the reasonable cost of delivering the vehicle to you after repairs, not exceeding the reasonable cost of transport to your permanent address in South Africa, Namibia, Botswana, Lesotho, Swaziland, Zimbabwe, Malawi or Mozambique.

Medical expenses

If an occupant, anywhere in an insured vehicle or such vehicle's permanently enclosed compartment designed for carrying passengers, sustains bodily injury by violent, accidental, external and visible means, we'll pay you the medical expenses incurred as a result of the injury, limited to R2,000 per injured occupant.

You're covered for a maximum of R25,000 in total for all the occupants who're injured as a result of an incident or series of incidents caused by 1 single event. Medical expenses include any costs incurred to free an injured occupant from an insured vehicle, and the cost to transport the injured occupant to a place where medical treatment can be given.

The amount we pay will be reduced by any amount recoverable under any workmen's compensation laws or similar legislation.

 **Please note: You'll only have 'Medical expenses' cover if the vehicle involved in the incident is comprehensively covered for loss or damage to the vehicle itself under this policy, and is a private-type vehicle or motorised caravan, or any other vehicle other than a bus or taxi.**

Third party, fire and theft only

Fire extinguishing charges

You're covered for costs relating to the extinguishing or fighting of fire that endangers an insured vehicle. Such costs will be deemed to be damage to the vehicle and will be payable in addition to any other payment for which we may be liable in terms of this section, provided that you're legally liable for such costs, and limited to R10,000.

Liability to others

Loss or damage

You're covered for the loss of, or damage to, the vehicles that are stated on your policy schedule, when caused by theft or hi-jacking, and their accessories and spare parts (while on or in the vehicle). - The death of, or bodily injury to, any person, but excluding the death of, or bodily injury to, any person who you employ, and which arises from and in the course of their employment, or any member of your household.

 **Please note: Cover won't apply to claims made by any member of the same household as the driver.**

What's NOT covered by the king

 **Please note: The following exclusions apply to all 'Motor' cover options.**

Accident, injury, loss, damage or liability

You're not covered for any accident, injury, loss, damage or liability:

- If an insured vehicle is being used with your general knowledge and consent, other than for the use that's stated on your policy schedule.

- That's incurred outside South Africa, Namibia, Botswana, Lesotho, Swaziland, Zimbabwe, Malawi, Mozambique and Zambia. However, you're covered for the loss of, or damage to, any vehicle while it's in transit by sea or air between ports or places in these territories, including during loading and unloading incidental to such transit. In the event of an incident that you can claim for while an insured vehicle is outside South Africa, Namibia, Botswana, Lesotho, Swaziland, Zimbabwe, Malawi, Mozambique and Zambia you're, at your own expense, responsible for the repatriation cost of the vehicle to a country that you're covered in. Until the vehicle has been repatriated to a covered territory, no liability will be admitted or payment made in terms of this cover.
- For a vehicle that's being driven by:
 - You, while under the influence of liquor or drugs (unless administered or prescribed by, and taken in accordance with, the instructions of a member of the medical profession other than yourself) while your blood alcohol percentage exceeds the statutory limit at the time of the incident, or while you're not licensed to drive such vehicle.
 - Any other person who, with your general consent or to your knowledge, is under the influence of liquor or drugs (unless administered or prescribed by, and taken in accordance with, the instructions of a member of the medical profession other than themselves) while their blood alcohol percentage exceeds the statutory limit at the time of the incident, or who isn't licensed to drive such vehicle. This won't apply if you can prove that you were unaware that the driver wasn't licensed and can also prove to our satisfaction that, in the normal course of your business, procedures are in place to ensure that only licensed drivers are permitted to drive the insured vehicles.

Provided that any driver will be deemed to be licensed to drive a vehicle if:

- He/she complies with the licensing laws relating to any of the territories referred to above.
- Non-compliance with any licensing law is solely due to a failure to renew any licence that's subject to periodic renewal.
- A licence isn't required by law.
- The driver is learning to drive and is complying with the laws relating to learners.

Please note: The term 'licensed' includes the requirement of having a Professional Driving Permit in addition to a driver's licence for those vehicle types requiring such permits by law.

Caravans being lived in

You're not covered for any accident, injury, loss, damage or liability in respect of a caravan that's being used as permanent residence.

Contingent liability

Your cover under 'Liability to others' includes claims made against:

- You, in the event of an accident arising in the course of the business and caused by, through or in connection with, any vehicle that isn't yours and isn't provided by you, while being used by your partner, director or employee.
- Any partner, director or employee, in the event of an accident arising in the course of the business and caused by, through or in connection with any vehicle that doesn't belong to, and isn't leased or hired by, either him or you, but only in so far as such partner, director or employee hasn't been refused motor insurance or renewal of cover by any insurer (including us).

Provided that:

- The exclusion which provides that cover under 'Liability to others' doesn't include cover for death of, or injury to, any person being carried in or on, or entering or getting onto or out of, a commercial vehicle, motorcycle, bus or trailer at the time of an incident you can claim for (except any person being carried in or on, or entering or getting onto or out of, a permanently enclosed passenger-carrying compartment of a commercial vehicle with a carrying capacity less than 1,500kg) won't apply.
- We're not liable for the loss of, or damage to, the vehicle itself being used for the purposes and in the manner described above.
- The payment of subsidies or travelling allowances by you to such person for the use of his own vehicle for your official purposes, including the carriage of people for those purposes, is allowed without prejudice to the cover provided by this 'Optional' cover.
- If, at the time of any accident that you can claim for under this 'Optional' cover, you or such person/s are entitled to claim under any other policy for the same incident, we're not liable to make any payment hereunder, except for any excess beyond the amount payable under the other policy.
- The exclusions and terms and conditions of the policy will otherwise apply.

Contractual liability

You're not covered for any claim arising from contractual liability, unless liability would have attached to you whether the agreement was entered into or not. You're covered, to the extent required by the conditions of any contract of the Building Industries Federation of South Africa, and in connection with any liability arising from the performance of such contract, for any principal named in such contract that you enter into for the purposes of the business. Our liability is limited to the insured value that's stated on your policy schedule.

Credit shortfall

If any total loss settlement is less than the amount owing to a vehicle's financier under a current instalment sale or lease agreement, we'll pay the financier an amount equal to the shortfall, less:

- Any arrears instalments or rentals, including interest payable on such arrears.
- All refunds of premium for cancellation of any insurance cover relating to the vehicle (private-type vehicles and LDVs only).
- The increased instalment or rentals that would've been paid had there been no residual capital value at the end of the finance period, calculated to the month in which the claim is settled.
- Your excess.

Provided that:

- The maximum we'll pay for a vehicle is stated on your policy schedule.
- This won't apply to an agreement in which the amount of any single instalment, other than the final residual amount after the initial payment, differs by more than 10% from any other instalment.
- The shortfall isn't the result of a re-advance.

Liability to others

Cover for 'Liability to others' doesn't include cover for:

- Any compensation or claim that falls within the scope of any compulsory motor vehicle insurance legislation, irrespective of whether such cover is in force or has been effected.
- Liability arising from the operation, demonstration or use (for purposes other than maintenance or repair of the vehicle) of any tool or plant forming part of, or attached to or used in connection with, a vehicle, or anything manufactured by or contained in any such tool or plant, except for forklift trucks.

Loss of keys

We'll cover you for the cost of replacing locks and keys, including the remote alarm controller and, if necessary, the reprogramming of any coded alarm system of an insured vehicle, following the disappearance of any key or alarm controller of the vehicle, or if you have reason to believe that an unauthorised person may be in possession of a duplicate of such key or alarm controller, provided that:

- Our liability is limited to R10,000 per incident.
- You're responsible for the excess stated on your policy schedule.

Loss or damage

Cover for loss or damage doesn't include:

- Consequential loss, as a result of any cause whatsoever.
- Depreciation in value whether arising from repairs following a claim for loss or damage that you're covered for, or otherwise.
- Wear and tear, or mechanical, electronic or electrical breakdowns, failures or breakages.

You're covered for accidents caused by, through, or in connection with, the moving of any vehicle (that's not owned or borrowed by, or hired or leased to, you) by any person employed by you or acting on your behalf, provided always that such vehicle was being moved:

- With the authority of your tenant, customer or visitor.
- In connection with your parking arrangements.
- To facilitate the carrying out of your business.

You're not covered for damage to vehicles that are parked for reward.

 **Please note: The vehicle (and its contents) won't be deemed to be held in your trust or control.**

Passenger liability

You're covered for the death of, or injury to, any person being carried in or on, or entering or getting onto or out of, a commercial vehicle, motorcycle, bus or trailer at the time of an incident you can claim for (except any person being carried in or upon, or entering or getting onto or out of, a permanently-enclosed passenger-carrying compartment of a commercial vehicle with a carrying capacity less than 1,500kg).

 **Please note:**

- **You're not covered for special vehicles.**
- **Our liability is limited to the insured value that's stated on your policy schedule.**

This covers you for the loss of, or damage to, your insured property, due to:

- Civil commotion, labour disturbance, riot, strike or lockout.
- The act of any lawfully-established authority in controlling, preventing, suppressing, or in any other way dealing with, any occurrence referred to above.

You're not covered:

- Where the damage occurs within South Africa or Namibia, unless specific 'Riot and strike' cover has been obtained.
- For consequential loss of any nature, other than loss of rent or the cost of alternative accommodation.
- For loss due to the detention or confiscation of money by any lawfully-constituted authority.

- For loss due to the act of any lawful authority in any other way dealing with any occurrence referred to in any of the clauses above.

 **Please note: If your claim is rejected because we say that 1 or more of these exclusions applies, the onus is on you to prove the contrary.**

Unauthorised passenger liability

If your driver ignores an instruction from you not to carry passengers, this covers you for the death of, or injury to, such passenger being carried in or on, or entering or getting onto or out of, a commercial vehicle, motorcycle, bus or trailer at the time of an incident you can claim for (except such passenger being carried in or upon, or entering or getting onto or out of, a permanently-enclosed passenger-carrying compartment of a commercial vehicle with a carrying capacity less than 1,500kg).

* **Please note: Our liability is limited to the insured value that's stated on your policy schedule.**

A domestic water heating system that runs on LPG (liquid petroleum gas) and its components, including the ECU (electronic control unit), valves, flow sensors, fans, heat exchanger, burner and igniter. If there's a water tank, its capacity must be less than 30l.

By 'solar system' we mean

A low energy-intensive system that uses solar rays to heat water, and that consists of a solar tank, solar collector (flat plate or evacuator tube), thermal lagged piping, related fittings, TP valve, ball and relief valves, safety valve, anode, vacuum breakers, thermostat, SANS-approved timer, and anti-freeze.

By 'water heating valves' we mean

Pressure-reducing and relief valves, vacuum breakers and their dedicated isolating valve.

What's covered by the king

We'll cover loss or damage directly or indirectly caused by, attributed to or arising from bursting, rupturing, leaking, rust, decay, gradual deterioration, wear and tear and splitting of your geyser/s at the insured premises stated on your policy schedule.

What's NOT covered by the king

You're not covered for a geyser:

- Or boiler with a cylinder capacity of more than 300l.
- That's still covered by a manufacturer's warranty, except if the manufacturer is no longer able to honour the warranty.

The stuff you need to do

You must exercise all reasonable precautions for the maintenance and safety of an insured geyser, and also to prevent or minimise any loss or damage.

Let's talk money

We'll pay the reasonable cost to repair or replace an insured geyser that's damaged by any cause that's isn't otherwise excluded, during your period of insurance.

Please note: Our liability is limited to the insured value that's stated on your policy schedule.

The king's additional benefit

If we accept and pay any claim for your geysers, the following additional benefit will also be covered, provided that the amount recoverable is limited the sum of the insured values stated on your policy schedule.

Water damage

You're covered for water damage due to leaking or bursting of an insured geyser that's stated on your policy schedule.

Optional cover

Cover more. Pay a little more

You may choose to add the following option to your 'Geyser guard' cover. If so, it'll only be covered if it's separately noted on your policy schedule and an additional premium is paid.

Environmental upgrade

If, during a successful claim for an electrical geyser, you choose to replace it with an environmentally-friendly product like a solar geyser, heat pump or any other technology that'll improve energy and water efficiency, we'll pay the amount we would've paid to replace the damaged geyser plus an additional percentage of the insured value that's stated on your policy schedule.

What's excluded

In addition to the general exclusions applying to all sections of the policy, we won't pay for:

- Any condition of the government or local authority, which they'd told you about, or that you were required to comply with, before the incident.
- Loss or damage directly or indirectly caused by, contributed to or arising from a faulty or defective design.
- Loss or damage directly or indirectly caused by, contributed to or arising from the failure, deliberate withholding, or lack of supply, of water, gas, electricity or fuel.
- Damage to a solar system and resulting damage to a building, if the roof structure wasn't capable of bearing the additional weight of the installation.
- Any cost associated with maintenance services as required by the manufacturer of the geyser.
- The call out cost to attend to ripple relays, faulty circuit breakers, earth leakage or geyser main.

Important information

Claims installation conformance

Replacement geysers must be approved by the South African Bureau of Standards (SABS) with at least a 5-year manufacturer's warranty, and must be operated and maintained according to this warranty.

* **Please note: All repair or replacement parts must comply with South African National Standards (SANS). Installations that don't conform to a SANS code of practice or a manufacturer's installation requirements will be upgraded to conform, and such betterment costs will be for your own account. In such cases, we may settle a claim in cash, limited to the insured value that's stated on your policy schedule.**

* **Please note: Electrical geysers must be SANS 151-approved.**

A solar system must:

- Be SANS 1307 approved.
- Have a PIRB (Plumbing Industry Registration Board) COC (certificate of compliance) for its installation.
- Be designed to withstand frost and freezing conditions.
- Conform to SANS 10106 for its installation, maintenance, repairs and replacements.

An LPG system must:

- Be SABS and SANS 1539 approved.
- Have a valid Appliance Verification Permit for the model.
- Be installed and maintained by a registered SAQCC Gas-authorised practitioner who's undergone Liquefied Petroleum Gas Safety Association of South Africa (LPGSASA) training.
- Have a PIRB (Plumbing Industry Registration Board) COC (certificate of compliance) for its installation.

A heat pump must:

- Be SANS 151-approved.
- Have a PIRB (Plumbing Industry Registration Board) COC (certificate of compliance) for its installation.

Service providers

We require that a King Price-approved service provider of our choice attends to your claim. If you ask us to use a service provider of your choice, we'll only reimburse you at the rate stated on your policy schedule, after we've inspected the salvage and installation for SANS-compliance, if applicable.

There's no excess if your insured geyser is repaired or replaced by a King Price-approved service provider. However, you'll need to pay the excess stated on your policy schedule if you use a non-approved service provider.

Salvage

A damaged geyser that's replaced by our approved service provider, or paid for on a cash-in-lieu settlement basis, becomes our property to dispose of as we see fit.

Our claims procedure

You can start your geyser claim immediately by logging it on the King Price app, or our self-service portal. If you use our app there's no excess, provided that:

- You complete all the required fields.
- Your claim is valid.

Please note:

- **You can download our app for free, from your app store.**
